Sunday, April 15

6H00 PM

Meet and network welcome dinner

GREETINGS

FeneTech Europe will host the third annual FeneVision User Conference in Paris, France in 2018.

The high payback value has been proved during the past editions of this event.

9 sessions of one hour each are planned, this year 4 are in 3 different languages in order to satisfy all our European customers, a total of 27 courses are proposed, each session has a beginner, advanced and expert level.

The advantage for a FeneVision user is to review and stay updated with all the new features and functionalities constantly developed.

Finally, to network with other Fenevision customers of the European Glass Industry can open great opportunities.

We are looking forward to welcoming you in Paris!!

Sincerely,

Giovanna Cadamuro
Director

Horst Mertes
CEO

FeneTech Europe sàrl
